

GLAS-DOR

GLAS-DOR INSTALLATION SELF-INSPECTION CHECKSHEET

GLAS-DOR complies with industry standards for fire safety performance when fitted in accordance with EN1634 and registered as being installed as per our installation instructions.

This self-inspection checksheet forms part of the fire certification of the doorset, and therefore **MUST** be completed and returned to Robust UK following installation.

Failure to complete and return this form will invalidate the fire certification.

Order No		Email
